## Overview

Meet the class and teacher at the Taquería Mexicano restaurant located at 525 Knights Way in Harker Heights. There, you will demonstrate your knowledge of the vocabulary and grammar learned from chapter 7. **Summative Grade**

## Objectives and Requirements

The point of this activity is to put into practice the Spanish that has been learned in class. These last few weeks we have learned about food and restaurants. Your task will be to speak only in Spanish at the restaurant during these situations.

1. While being seated conversation with the hostess
2. Ordering food, drinks and dessert
3. Asking what is in the food
4. Asking for the location of things
  - a. Where the restrooms are located
  - b. Salt, pepper, chips, the chair, etc.
5. Asking for more of something
  - a. Water, soda, napkins, salsa, chips, silverware, etc.
6. Saying please and thank you
7. Asking for the waiter or waitress
8. Asking about the daily specials
9. Asking for the check
10. Paying for the bill

## Evaluation

At the restaurant you will be observed during your Spanish conversations. Each requirement has a point value based on a 100 pt scale. Students will need to tally up enough points to reach 100 points for an A+. See the grading rubric. There won't be time to look at your notes at the table. Students need to be prepared to talk during the specified times listed to the left. Students have to **SPEAK there**. There won't be a redo for this assignment.

## Dinner details

Parents are welcome to stay and eat at the restaurant with us. Please keep in mind that I will need to have my students clustered closely so that I can hear them. Parents and family will not be able to eat next to their child. Please make sure that your child brings enough money for a drink, dinner and a tip for the waitress. Transportation to and from the restaurant is the parent's responsibility.

## Suggestions

Before you visit the restaurant re-watch the **MI VIDA LOCA** episodes #2 Order at a café, #4 Meet & greet, #5 Order tapas, #12 Shop for food, and #13 El restaurante, and #14 Say 'I like'. In these episodes you will find a lot of helpful vocabulary and phrases to help you know what to do and say at the restaurant. Take advantage of these helps so that you are as prepared as possible and so that you have more fun that night.
